WEB SITE

THE INTERNET

EL ELYON NOW

Our new web site home page is:

www.davidebaugh.com

Look us up. Enjoy your visit.

Our MSN search engine brings it up every time. Some other search engines do not recognize our new home page yet. They will. The amount of time and money that has been used to bring our new web site to you has been enormous. God did it.

This short history will help you see that God really did it. Two years ago our granddaughter, DANIELLE EBAUGH, started the ball rolling. She found and entered my two pictures, and set up the original home page. I was thrilled and fascinated with her work.

Later, our grandson, DAVID O'BRIEN, took many of my articles and books from my old computer and retyped them and loaded them on to another home page.

I feel very indebted to my grandchildren for their work and sacrifices.

JANE GEORGE, from Western PA, was directed by the Holy Spirit to transcribe many of my books that were first written on my old

Apple IIe, into the language that the new IBM computers can understand. She visited in our home for a while to get a feel for the work and then returned to her home to finish the big job.

At our last convention, DENNIS DYER, from ILLINOIS felt moved upon by the Holy Spirit to complete the gigantic job and to wrap it up. Dennis took many of my articles and added them to the new web site. He opened many features in our home page and worked with specialists to make the web site into one of the best on the net, even though it is still under construction.

Now you can download and print my defining work, EL ELYON NOW, NAMES OF GOD, the massive book, directly on to your own home computer--FREE.

It was a miracle that all those people could work together and pull it off because I did not do hardly anything to coordinate their work. I was busy with other projects.

That's only half the miracle story. Wait until you hear this.

While these things were happening, a distinguished southern gentleman called me with the message that I must get the book, EL ELYON NOW, THE NAMES OF GOD reprinted and make it available again. The first printing of 1000 books sold out very fast. Many people wanted the book but they couldn't get it because it was sold out. Whenever I looked at my checkbook, I knew I couldn't pay for the second edition, and I told him so. He reminded me that he said I must get the book reprinted. It was too valuable to wither on the vine. He said he would pay for the reprinting bill.

In less than a week I made all the necessary editorial changes and took the updated manuscript to the printer to have two cases ready for me to take with me to Brazil. He did and I did, and that's history. Now you can order your own copy of the book EL ELYON NOW, THE NAMES OF GOD. It has changed a whole denomination for the better in Brazil.

That's not all!

Meanwhile, a professional man from the West sent a message indicating that I must place the MONARCHS on the internet and send the newest edition to whoever wants to receive it on the e-mail. I also needed to place all the past MONARCHS on our web site so anyone can download, print, and study them at their own schedule. He suggested that I would need a separate and dedicated computer so that it could respond any time, day, or night. We are working on the hook up, right now. He told me to pick out the computer I would need, and he would send a check for it when I told him how much. I did and he did.

Ladies and gentlemen, as God is my witness, I have never suggested any action to any of those people. I have never asked them for any money or anything. Each responsible friend saw the need, and met it. Our God coordinated the whole thing, from beginning to the end -- like Alpha to Omega. This is what God wants, for now. From East to West and from North to South our God moved believer/receivers to provide my books, and my literature and provide my web site to you for His purposes. Wow! Our God is great.

Our grandson, Sam Sutton, has become quite a computer whiz in college. Sam stepped forward to help me set up the new computer and then to connect it to the old computer, so they can talk to each other.

Now, you may send your e-mail address to me so that the new computer can send you new MONARCHS, news items, speaking schedules, updates, etc. My e-mail address is

david@davidebaugh.com.

We still plan to mail MONARCHS to our regular (snail mail) mailing list, so if you are not into computers read the rest of this MONARCH. It's full of other new things.

I know that I have a part in something big that our God is making bigger and bigger every day.

An exciting, life changing, extended Bible Study for the average Christian layperson and the professional clergy-person. Includes a detailed study of the five primary **NAMES OF GOD** and observes the 72 other names. This is the book that took me over 14 years to research and to put into print.

God's name was **YAHWEH** in the O.T. (Ex. 6:2) Our GOD's name is **EL ELYON**. (Luke 1:32) Did you notice the difference? Our GOD changes His name as we need to see Him in a different way. You will retype my literature into a newer language that new computers understand. God bless your efforts.

I was a senior tool and test equipment engineer who set up the production line for the IBM 632 DeskTop Computer in 1958 It was the grandfather of all DeskTop computers in the world today. Now, after 44 years, I finally feel that I have joined the computer generation. Am I glad for what I did back then? Am I pleased for what I did lately?

Yes. Yes. But I didn't do anything. It was the hand of God on my life that made everything good happen. It was in my script. It was in the volume of my book.

After a while you may need a break from traditional Christian literature. Try ours.
